

CONVEYOR SYSTEMS

Lodamaster provides complete conveyor solutions for end-user as well as integrators. Our solutions include roller, PVC belt, spiral, flex, vertical, and curve conveyors which help to transfer a wide range of products like polybags, packages, carton boxes, documents, pallets, vertically or horizontally.

According to the processes in the facility, it is possible to design custom shape conveyors. The conveyor material can be made from steel, stainless steel, or aluminum according to the requirements of the customers.
